UK Special
VIP MODELS 2009

UK Special 640 VIP SMF

The UK Special offers the highest comfort in the History of Caravanning. Absolutely fully equipped with highest standards of design and quality down to the smallest detail. Move in and enjoy the atmosphere of the latest interior decor and design. The UK Special 640 VIP and 690 VIP exemplifies how wonderful life on the road with luxury furnishings can be.

The roofs and walls are 31 mm thick on all models, and floor thickness 40 mm. Due to the use of natural materials deviations of up to 5 per cent are possible in weight data. All dimensions are non-binding and may be subject to minor changes. We reserve the right to effect modifications to technology and fittings.

TECHNICAL DATA AND FLOOR PLANS

Overall length incl. drawbar	cm	853	917
Body length, with/without cylinder box	cm	735 / 676	799 / 740

Overall height ¹ /Inside headroom	cm	253 / 195	257 / 195
Circumferential dimension (awning)	cm	1096	1166
Gross vehicle weight ²	kg	1900	2000
Mass in running order ³	kg	1748	1870
Load ⁴	kg	152	130
Weight capacity increase possible against surcharge	kg	2000	2200
Number of sleeping places	adults/children	4	4
Sleeping area, front	cm	160/137 x 198	156 x 192
Sleeping area, middle	cm	-	-
Sleeping area, rear	cm	215 x 138/156	215 x 172/156

¹ Depending on the model and fittings status, the unladen vehicle may be up to 50 mm higher.

² The gross vehicle weight (earlier permissible gross weight) must not be exceeded under any circumstances.

³ The mass in running order includes the unladen weight of the standard caravan plus basic fittings. The basic fittings include two completely filled
